Dear all,

a 10th grader tested positive to a Covid-19 test performed on the 15th of February. The student was last in school on the 15th of February. Please note that this is a new communication and the new self-surveillance period of 5 days for grade 10 re-starts today, 16th February.

Given the positive case in the 10th grade class, as per decree DL n.4 of the 5/02/2022, the class **will need to wear an FFP2 mask at all times until Friday 25th of February (included).**

During the first 5 days of self-surveillance (autosorveglianza), until the 20th February (included), our medical director, Dr. Andrea Guerriero, recommends:

- to avoid contact sports and team sports in school;
- to avoid close contacts and to follow social distancing measures;
- to pay particular attention to symptoms like fever, sore throat, runny nose, cough, any gastrointestinal symptoms, body aches, chills, headache and, in case these symptoms appear, to test immediately for Covid-19 (a rapid antigen test will be enough) and notify the school at nurse@sssrome.it with the Covid manager fabio.boccuni@sssrome.it.

Please note that even if students have symptoms and they test negative, they should be symptom-free for 48 hours before returning to school. If they are absent for more than 5 days (including these 48 hours), a medical certificate for readmission will be required by regional laws.

--

Fabio Boccuni
Assistant Head/Covid Manager
